The Smart Guide

Upcoming
Acquisitions

May 2015

ACQUIRE * OPERATE * SUSTAIN * ENABLE

The **Smart** GUIDE

OBJECTIVE

Enhance communications
between members of Industry
and the Business and Enterprise
Systems (BES) Directorate

DISCLAIMER:

The following opportunities are speculative and the appearance of this information in this document or website in no way guarantees a contract action will be awarded.

The **Smart** **GUIDE**

An outline of acquisition information for upcoming business opportunities in each Division for the next 18 months

4	Enterprise Logistics Systems Division (HIA)
10	Business Sustainment Division (HIB)
18	Enterprise Services Division (HIC)
22	Enterprise Applications and Integration (HIQ)
24	Operations Division (HIZ)

Upcoming Acquisitions

Project Name: Integrated Logistics System – Supply (ILS-S) – Subject Matter Expert (SME)

Objective: This effort provides development and sustainment support for ILS-S. Development and sustainment support will be on-site in the government program office. Task management activities are also expected to be located on-site at Maxwell AFB-Gunter Annex, AL

Scope: Provide systems support, help desk support, training and documentation, Standard Base Supply System (SBSS) Maintenance, functional testing, systems administration, information assurance for the ILS-S applications: SBSS, Enterprise Solution Supply (ES-S), and Mobility Inventory Control Accountability System (MICAS).

Acquisition Approach: NETCENTS-2 Application Services Small Business Companion Contract

Small Business Set Aside: Yes

Period of Performance: August 2015 – August 2020 (One year base period plus four 1 year option periods)

Dollar Value: \$25M – \$35M

NAICS Code: 541511

RFP Release Date: 4Q FY15

Incumbent: CENTECH Group, Inc, FA8771-10-F-0006, GSA Alliant GWAC

POCs: Program Manager – Tommie Ellis
tommie.ellis@gunter.af.mil
334-416-5727; DSN: 596-5727
Contracting Officer – Shaneka Brown
shaneka.brown@us.af.mil
334-416-4600; DSN: 596-4498

Upcoming Acquisitions

Project Name: Air Force Equipment Management System (AFEMS) Operations, Maintenance, and Sustainment Support

Objective: This effort is to acquire operations, sustainment, maintenance and Financial Improvement and Audit Readiness (FIAR) support for AFEMS

Scope: All tasks necessary to provide operations, maintenance, sustainment, and Financial Improvement and Audit Readiness (FIAR) support of AFEMS, to include modifications, enhancements, and the remediation solutions as they relate to AFEMS. AFEMS consists of the following: Unclassified Support Equipment, Classified (SECRET) Support Equipment, Asset Inventory Management (AIM), and Equipment Requirements System (ERS)

Acquisition Approach: NETCENTS-2 Application Services Small Business Companion Contract

Small Business Set Aside: Yes

Period of Performance: June 2016 – June 2021 (One year base period plus four 1 year option periods)

Dollar Value: \$40M – \$45M

NAICS Code: 541511

RFI Release Date: 1Q FY16

Incumbent: MacAulay-Brown, INC, FA8770-11-C-0023

POCs: Program Manager – Tom Mikusa

937-656-0569; DSN: 986-0569
Contracting Officer – Amanda Thompson
amanda.thompson.18@us.af.mil
937-257-7440; DSN: 787-7440

Upcoming Acquisitions

Project Name: Depot Maintenance Accounting and Production System (DMAPS)

Objective: This effort is to provide Subject Matter Expert (SME) and sustainment support for the DMAPS Program Management Office (PMO)

Scope: The scope of this covers all tasks necessary to provide system sustainment, operations, test, integration, and security, for the DMAPS suite of systems; Defense Industry Financial Management System (DIFMS), Naval Air Systems Command Industrial Material Management System (NIMMS), Automated Bill of Materials (ABOM), and Integration Engine (IE) hosted at three Air Logistics Centers supporting 33,000 users.

Acquisition Approach: NETCENTS-2 Application Services Small Business Companion Contract

Small Business Set Aside: Yes

Period of Performance: December 2015 – December 2020 (One year base plus four 1 year option periods)

Dollar Value: \$4M – \$10M

NAICS Code: 541511

RFP Release Date: 4Q FY15

Incumbent: Robbins Gioia, FA8604-12-C-7000

POCs: Program Manager – Robert Kodya

robert.kodya@us.af.mil

334-416-5015; DSN: 596-5015

Contracting Officer – Garrett Nelson, GSA Acquisition Services

garrett.nelson@gsa.gov

478-538-9177; DSN: N/A

Upcoming Acquisitions

Project Name: Requirements Management System and Logistics Management Data Bank Systems (RMS and LMDB)

Objective: This effort is to acquire sustainment and maintenance support for RMS and LMDB

Scope: The scope of this contract covers all tasks necessary to provide system sustainment, maintenance, and modification of the RMS and LMDB systems. RMS Data System Designator (DSD) D200, DD1000, D040 and D072 is managed by AFLCMC/HIAR. LMDB DSD D075 has 2 subsystems – the Automated Budget Compilation System (ABCS) and the Logistics Reassignment (LR) system, and is managed by AFLCMC/HIAR.

RMS is a suite of 11 subsystems supporting a set of logistics processes & models integrated by a relational database. This system automates & integrates the AF materiel requirements determination processes which compute procurement, termination & repair requirements for spares, repair parts, & major equipment items for logistics support of weapons systems. Data from the requirements process is stratified to project fiscal budget requirements.

LMDB system provides analysis support to the Air Logistics Complexes and HQ AFMC. ABCS functionality supports budget information, depot maintenance workload planning, tracking of on order excess, and Performance Based Logistics contractual requirements definition for weapons systems. The LR system generates cataloging transactions required to transfer selected items to the Defense Logistics Agency (DLA).

Acquisition Approach: 8(a) Competition

Small Business Set Aside: Yes

Period of Performance: May 2016 – July 2021 (One year base period plus four 1 year option periods)

Dollar Value: \$15M – \$20M

NAICS Code: 541511

RFP Release Date: 1Q FY16

Incumbent: Ryan Consulting Group, Inc, FA8770-11-C-0014

POCs: Program Manager – Margaret Merkle
margaret.merkle.1@us.af.mil
937-904-1105; DSN: 674-1105

richard.dickerson.2@us.af.mil
937-257-4846; DSN: 787-4846

Upcoming Acquisitions

Project Name: Training Business Area (TBA)

Objective: This effort provides new capability. Development will be on-site in the government program office. Task management activities are expected to be located on-site at Maxwell AFB-Gunter Annex, AL

Scope: The contract will include the incorporation of Career Development Course (CDC) and On-The-Job Training (OJT) Management, on-the-job (OJT) training reports functionality and milestones functionality to the TBA mission application. Documentation updates, meeting support, helpdesk support/diagnostics (levels I, II, and III) and the milestones requirement in TBA will be based on AFI requirements in AFI 36-2201 v3, Chapter 6 and apply to tasks, task groups, and CDCs.

Acquisition Approach: NETCENTS-2 Application Services Small Business Companion Contract

Small Business Set Aside: Yes

Period of Performance: April 2016 – October 2017 (18 Months ACAD)

Dollar Value: \$3M – \$5M

NAICS Code: 541511

RFP Release Date: 4Q FY15

Incumbent: None

POCs: Program Manager – Stanley I. Brown

stanley.brown.6@us.af.mil

Contracting Officer – Maurice Griffin

maurice.griffin.1@us.af.mil

334-416-6099; DSN: 596-6099

Upcoming Acquisitions

Project Name: Integrated Maintenance Data System Central Database (IMDS CDB), Maintenance Scheduling Application Tool (MSAT) Software Upgrade Program (SUP)

Objective: This ACAT III program is for IMDS CDB to subsume the functionality of MSAT

Scope: All tasks necessary to subsume the functionality of MSAT into IMDS CDB adding a Mid-Tier server to the IMDS CDB system to handle the Scheduling Analysis needed to provide the Maintenance and Flying Schedule while ensuring that no Aircraft, ICBM, or equipment is grounded unnecessarily. Additionally, ensure that IMDS CDB, CEMS, and REMIS all reflect the same data.

Acquisition Approach: NETCENTS-2 Application Services Small Business Companion Contract

Small Business Set Aside: Yes

Period of Performance: September 2015 – November 2016 (One base period, not to exceed 15 months)

Dollar Value: \$1M – \$2M

NAICS Code: 541511

RFP Release Date: 4Q FY15

Incumbent: N/A

POCs: Program Manager – Phillip Moulder
phillip.moulder@us.af.mil
334-416-1948; DSN: 596-1948
Contracting Officer – Capt Matthew Leary

334-416-3567; DSN: 596-3567

Upcoming Acquisitions

Project Name: Integrated Budget Documentation and Execution (IDECS II) Support

Objective: The SAF/AQXR Mission is to integrate programming, budgeting and execution activities affecting Air Force Modernization programs. This task order supports this mission by helping to sustain a key tool used in preparation of budget submissions to Office of the President of the United States, United States Congress and Senate, Secretary of the Department of Defense, and the White House Office of Management and Budget, etc.

Scope: The objectives of this requirement are for the contractor to provide support for the operation, maintenance and sustainment of the Integrated Budget Documentation and Execution System (IDECS II). Furthermore, the Secretary of the Air Force for Acquisition and the Secretary of the Air Force for Financial Management require experienced personnel to support development, publication, delivery, and release of AF budget justification materials to AF functional offices, Office of the Secretary of Defense, White House Office of Management and Budget and Congress, as directed.

The work will be performed at the contractor's site, the Pentagon and various DoD facilities. Long Distance Travel will be involved so that the contractor can perform various training sessions and provide face-to-face support during the PB and BES budget cycles.

Acquisition Approach: NETCENTS-2 Application Services Small Business Companion Contract

Small Business Set Aside: Yes

Period of Performance: March 2016 – February 2021 (One year base period plus four 1 year option periods)

Dollar Value: \$11M – \$14M

NAICS Code: 541511

RFP Release Date: 2Q FY16

Incumbent: Pragmatics Inc, FA8770-15-C-0504

POC: Program Manager – Nicole Leath
nicole.leath.1@us.af.mil
937-257-5055; DSN: 787-5055
Contracting Officer – Barbara Phillips
barbara.phillips.1@us.af.mil
937-257-2883; DSN: 787-2883

Upcoming Acquisitions

Project Name: Information and Resource Support System (IRSS)

Objective: Provide sustainment services for IRSS supporting AF/A5RP in providing needed capabilities by automating the Joint Capabilities Integration and Development System (JCIDS) process to support long-range planning, sustainment and coordination of Air Force requirements documents

Scope: To provide IRSS functional users with a fully operational system aligned with Air Force vision and architectural goals. Existing production software (SW) in GCSS-AF IF continues to require baseline maintenance and system enhancements. The Contractor shall provide typical SW activities including: requirements review, software redesign/recoding, internal developer testing, customer acceptance testing, additional coding and regression testing, documentation and artifact preparation, and source code delivery. The contractor shall provide Functional System Administrator (FSA) and Help Desk Support. Level 1 and Level 2 Help Desk support and FSA services shall be provided at the Pentagon [single contractor Full Time Equivalent (FTE)] and Level 3 Help Desk and sustainment support out of the contractor's development/test facility. The contractor shall provide GCSS-AF IF integration support including preparation and testing of each new software release going into the production baseline. Integration support consists of activities in three environments: Support to the Responsible Test Organization (RTO) for the Capabilities Integration Environment (CIE); Pre-Production Resource (PPR) and Production Resource (PR) staging. The contractor shall provide PM support through participation in Technical Interchange Meetings (TIMs) with PMO counterparts.

Acquisition Approach: NETCENTS-2 Application Services Small Business Companion Contract

Small Business Set Aside: Yes

Period of Performance: July 2016 – July 2021 (One year base period plus four 1 year option periods)

Dollar Value: \$4M – \$5M

NAICS Code: 541511

RFP Release Date: 3Q FY15

Incumbent: Science Applications International Corporation/Leidos Division, W91QUZ-06-D-0016/-6H36

POCs: Program Manager – Sean Halpin
sean.halpin@us.af.mil,

barbara.phillips.1@us.af.mil
937-257-2883; DSN: 787-2883

Upcoming Acquisitions

Project Name: Computer Associates (CA) Datacom Product Suite Support

Objective: The Air Force Life Cycle Management Center (AFLCMC) Business Sustainment Systems Division (HIB) and the Legacy Logistics Sustainment Division (HIA) supports the AFLCMC mission by providing systems analysis, design, development, and maintenance expertise. AFLCMC requires personnel who have an extensive knowledge of the Computer Associates (CA) Datacom product suite, and the unique aspects of the AFLCMC-managed systems operating within Defense Information Systems Agency (DISA) computing facilities.

Scope: The Contractor shall provide technical support and consulting services to the AFLCMC at Wright-Patterson AFB for the Executive Software CA Product Suite. Provided support shall include: testing, customization, implementation, application, performance analysis, and integration of new features and upgraded versions of CA software consistent with the evolving DISA Standard Operating Environment (SOE), including z/OS software. The Contractor shall consult with AFLCMC personnel regarding tasks; procedures to test, customize, implement and integrate new releases and upgraded versions of CA software; product integration; performance management; throughput monitoring; security enforcement and enhancement; and problem analysis and resolution. The AFLCMC manages mainframe applications operating at the DISA Defense Enterprise Computing Center, DISA DECC Ogden (OO), and the DISA DECC St. Louis (STL) facilities. The Contractor shall provide CA software technical support and consulting services in support of joint AFLCMC and DISA initiatives.

Acquisition Approach: NETCENTS-2 Application Services Small Business Companion Contract

Small Business Set Aside: Yes

Period of Performance: March 2016 – March 2021 (One year base period plus four 1 year option periods)

Upcoming Acquisitions

Project Name: LOGMOD & BaS&E Sustainment Contract

Objective: Support for needs analysis, requirement definition, coordination of design, software modernization and enhancement, Tier II/III help desk support, code and unit testing, integration testing, functional testing, implementation, sustainment, and follow-on customer support

Scope: Logistic Module and Base Support and Expeditionary Planning Tool. LOGMOD is an unclassified National Security System that provides Air Force logistics planners a web-based tool to track, manage, process and deploy people and equipment to any global location when they are needed. BaS&E is a National Security System with both an unclassified and classified application that provides Joint Command and Air Force Combatant Commanders global visibility of resources at potential forward operating locations for campaign planning and course of action analysis/selection for worldwide locations. Both programs reside on GCSS-AF.

Acquisition Approach: 8(a) Competition

Small Business Set Aside: Yes

Period of Performance: September 2015 – June 2020 (Nine month base period plus four 1 year option periods)

Dollar Value: \$15.3M

NAICS Code: 541511

RFP Release Date: 3Q FY15

Incumbent: eSolution Architects, Inc. (eSA), FA8771-10-C-0007

334-416-1370; DSN: 596-1370

Upcoming Acquisitions

Project Name: Sustainment Support Program (SSP) III

Objective: Provide sustainment, maintenance, and modifications to the Sustainment Support Program (SSP) managed by AFLCMC/HIBB

Scope: The AFLCMC/HIB SSP III provides engineering services for systems and applications that are currently in sustainment. AFLCMC/HIBB PMO manages the SSP, which consists of six (6) separate systems and applications: Acquisition and Due-In System (ADIS), Contracting Information Database System (CIDS), Contracting Profit Reporting System (CPRS), Contract Writing System (ConWrite), Contract Business Intelligence Service (CBIS), and the INTEGRITY Tool for the Standard Procurement System (SPS). To accomplish the work required, the government must acquire services from the private (commercial) sector to perform those tasks considered non-inherently governmental. These tasks include software development and maintenance, architectural artifact development and maintenance, internal and, to some degree, enterprise hardware and software support. They will also provide services associated with all software solutions and programs. These tasks have a basis in the Standard Engineering Process (SEP). There are no inherently governmental functions included in the contract requirements.

937-257-7607; DSN: 787-2607

Upcoming Acquisitions

Project Name: Global Force Management - Data Initiative (GFM-DI) Air Force Organizational Server (AFOS)

Objective: Provide Program Management Office (PMO) contractor support for the GFM-DI Air Force Organizational Server (AFOS) in the areas of Project Management, Information Assurance Management, Requirements Analysis, Configuration Management, Risk Management, and Test Management

Scope: Provide AFOS PMO Project Management support by developing work plans, schedules, project estimates, and resource plans. Conduct project meetings and provide project tracking and analysis of all system tasks. Provide functional systems analysis, risk management, configuration management, and system security support.

Acquisition Approach: 8(a) Sole Source Direct Award to Incumbent

Small Business Set Aside: Yes

Period of Performance: September 2015 – September 2020 (One year base period plus four 1 year option periods)

Dollar Value: \$3M – \$4M

334-416-4193; DSN: 596-4193

Upcoming Acquisitions

Project Name: System Metric and Reporting Tool (SMART)/Acquisition Workbench (AcqWB)

Objective: Provide sustainment, maintenance, and modifications to the System Metric and Reporting Tool (SMART) Acquisition Workbench (AcqWB) managed by AFLCMC/HIBB

Scope: The scope of this effort is to continue the status reporting initiative that granted access to key program parameters rather than having program and project office personnel generate status reports, coordinate those reports through the chain of command, and provide the coordinated reports to decision makers. The current effort is being developed using the incremental development paradigm, generating requirements that are satisfied in rapidly developed tool releases. Two major versions are generally planned for release per year, broken down into 1-2 agile production releases per month due to new/updated staff policy, technical insertion, system infrastructure and/or security compatibility, or high risk deficiencies. These versions are being developed using Microsoft SharePoint 2010, Microsoft “.NET” C#, Team Foundation Server, SQL Server Business Intelligence Tools, Nintex workflow, Public Key Infrastructure and Security Token Service authentication/authorization, SQL Server, AJAX and web services; familiarity with these capabilities and how they can be applied to a Service Oriented Architecture (SOA) environment hosted on the DISA Defense Enterprise Portal Service (DEPS) and milCloud Platform as a Service (PaaS) is a firm requirement. Support for the engineering and development of other AcqDOM-related capabilities outside of SMART (but interoperable with SMART) may be prioritized and scoped for work; understanding of the AcqDom is desired.

Acquisition Approach: NETCENTS-2 Application Services Small Business Companion Contract

Small Business Set Aside: Yes

Upcoming Acquisitions

Project Name: Global Force Management – Data Initiative (GFM-DI) Air Force Organizational Server (AFOS) 2.X Development and Sustainment

Objective: Provide sustainment and development of AFOS interfaces with manpower/personnel and equipment allocation systems within the SIPRNET and NIPRNET environments operating on both current Global Combat Support System – Air Force (GCSS-AF) and future Federal Common Computing Environment (CCE) platforms

Scope: The scope of this effort will include the development of AFOS interfaces with manpower/personnel and equipment allocation systems in order to associate personnel and equipment data with authorized billet information in the GFM-DI force structure. This effort also includes maintenance and sustainment of the currently developed, fielded, and deployed SIPR and NIPR capabilities through XSD version 3.6.x, available within the GCSS-AF infrastructure, and fielded through DISA. The AFOS currently resides within GCSS-AF Integration Framework (IF), GCSS-AF Data Services, and follows both the GCSS-AF protocols and processes for modernization and deployment, and the AFLCMC BES Business Process Directory for analysis, program reviews, testing and fielding. Finally, this effort involves migration of the AFOS to the Federal CCE IAW future BES guidance.

Upcoming Acquisitions

Project: Field Assistance Service (FAS)

Objective: Provide Tier1 Helpdesk Support for Standard Air Force Applications

Scope: Provide helpdesk personnel who serve as the primary interface with AFLCMC customers--Air Force and other DoD users around the world. Around-the-clock, professional response to user trouble calls is required to prevent adverse impacts on user missions and degraded system support. Contractor personnel respond to trouble reports and calls by providing first-level technical support on application software, hardware, network, connectivity, documentation and operating system software problems.
